

Kids Cooking Classes

Got a junior Iron Chef in your house? Or maybe you have the next Martha Stewart? Then you want to schedule one of the following hands-on cooking classes at Jersey Girl Café with Chef Kathy!

Cupcakes, Cupcakes, Cupcakes!

Great for younger chefs. We teach how to properly ice cupcakes using both the offset spatula and a piping bag. Then we get a little crazy using special decorations, candies, and treats to decorate up to 5 cupcakes with different seasonal themes.

Pizza Party!

Everyone gets to make their own custom pizza by rolling out the dough, garnishing, and baking their masterpiece. While the pies are baking we make a salad, and salad dressing from scratch. We wrap up with a quick free-style petite cupcake decorating session. Let us know your child's favorite pizza so we have the toppings on hand!

Kids Cooking Classes, more...

Pasta Making

Perfect for older kids. Starting with flour, eggs, and water, teams of 2 will make pasta dough from scratch, then roll it out into strands of fresh fettuccini. While the pasta cooks we make a salad, and salad dressing, from scratch, along with our fabulous dessert ravioli. We include 2 sauces to serve on top of the pasta.

Iron Chef Style

Using either the Pizza Party or the Pasta Making class as the base we break the class into 2 groups and provide additional surprise ingredients as a twist for each team to use as they create their special meal. Two chefs are provided to coach each team. Parents are welcome to judge.
